SPOKANE VALLEY CITY COUNCIL TUESDAY, JUNE 30, 2026 | MEETING RECAP

This week's Spokane Valley City Council meeting began with an invocation, the pledge of allegiance and approval of the following meeting agenda.

PROCLAMATION

Mayor Padden presented a proclamation for Independence Day America's 250th Anniversary to members of the Daughters of the American Revolution. Watch the presentation.

General Public Comments

Each week, community members have an opportunity to address Councilmembers for up to three minutes during the General Public Comment period, either at the beginning or end of each meeting, either in person or via Zoom.

ACTION ITEMS

#1 – Housing Community Development Advisory Committee (HCDAC) Mayoral Appointment

In 2023, the City entered into a three-year interlocal agreement to participate in the Spokane County (County) Consortium for the Housing & Urban Development Entitlement Funds. The HCDAC serves as an advisory committee to the Housing and Community Development Division and the Board of County Commissioners. The HCDAC reviews all funding proposals for housing, homeless, and community development programs administered by Spokane County. HCDAC bylaws provide for up to four representatives from Spokane Valley.

The following individuals are currently serving on the committee:

- Deputy Mayor Tim Hattenburg
- Councilmember Ben Wick
- City Services Administrator Gloria Mantz
- Housing & Homeless Coordinator Eric Robison

The terms for Deputy Mayor Hattenburg and Councilmember Wick expire on June 30, 2026. Because of their experience serving on the HCDAC, the Mayor recommends renewing their appointments for another three-year term. A motion to confirm the Mayor's recommendation for appointment passed unanimously.

NON-ACTION ITEMS

#2 – Safe & Healthy Task Force Discussion

Staff shared a background about how the Safe and Healthy Spokane Regional Task Force was developed. In October 2025, Council gave consensus for the City to participate in the Planning Team and Task Force. Staff have provided the Council with periodic updates on the Task Force meetings. The Task Force's work has been completed, and a final report was released on June 2, 2026. Representatives from the Task Force, Lance Beck (Greater Spokane Incorporated) Zeke Smith (Waters Meet Foundation) Matt Albrtight (Multicare) and Chud Wendle (Hutton Settlement) presented a summary of the report and key recommendations.

#3 – Potential Grant Opportunity - Transportation Improvement Board (TIB)

The Washington State TIB recently issued a call for projects for the Urban Arterial Program (UAP), Active Transportation Program and Complete Streets Program (CSP). Staff described the focus on each grant program and outlined program details. City staff and TIB staff held a meeting last month and identified two projects that meet the criteria to apply for the UAP and CSP programs: Pines Road Preservation (32nd Avenue to 40th Avenue) and Barker Road (Sprague Avenue to 8th Avenue). The Council reached consensus to proceed with the proposed projects and return with a motion consideration at a future meeting.

#4 – The Course Schedule Update

Spokane Valley Parks and Recreation Department staff and Spokane Sports have been collaborating to schedule a variety of cross country running race events for the inaugural season at The Course Spokane Valley. Staff provided an overview of thirteen events currently booked at The Course in 2026. Staff also reported on the new Course website and online booking platform. A grand opening celebration and season opener are scheduled for August 15, 2026.

#5 – City of Spokane Valley v. Councilmember Merkel Court Decision Discussion

City Manager John Hohman provided background information on the city's lawsuit between the City and City Councilmember Al Merkel. City Attorney Kelly Konkright also summarized the June 25, 2026, ruling of Spokane County Superior Court Judge Rachelle Anderson, which determined that Councilmember Merkel violated both the City Council's (1) mandatory social media policy by discussing city business in his capacity as a Councilmember on his personal social media rather than an approved official account preserved by archiving software and (2) the Washington Public Records Act by failing to reasonably search for and produce social media records in response to public records requests.

About Spokane Valley City Council

City Council meetings occur most Tuesdays at 6 p.m. at Spokane Valley City Hall, 10210 E. Sprague Avenue, Spokane Valley, and online via Zoom. Meeting agendas and minutes are available at SpokaneValleyWA.gov/Agendas. Community members are invited to attend Council meetings to participate in action items or public comment periods in-person or online. Council meetings are broadcast on Comcast channel 14. Email the Council at CityCouncil@SpokaneValleyWA.gov or learn more at SpokaneValleyWA.gov/CityCouncil.

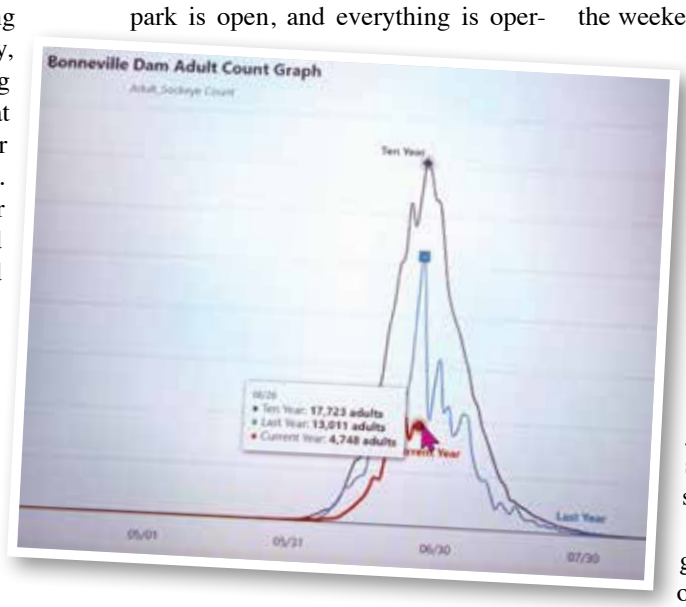
The Fourth of July Holiday weekend may be the biggest one of the year, in terms of the number of families that head out for some fun in the outdoors. A very good number of them are headed in the direction of Eastern Washington. I have my fingers crossed for good weather so folks can enjoy the holiday to its fullest.

I am a fisherman, so I am programmed to be an optimist. Every time I go fishing I expect to catch fish. It doesn't always happen, but I still look forward to every fishing trip, thinking that it will be a great day. I still have trouble sleeping if I am going fishing in the morning! Okay, since I have admitted to being a hopeless optimist, I look at this year's return of summer run salmon as encouraging. As of June 26th, the number of summer runs that passed over Bonneville Dam totaled just over 35,000. Fifty percent of the run is expected to have passed over Bonneville by the 28th of June. The forecast for the 2026 season is 41,000, and I am not saying that we should expect to double the number of fish that we are seeing right now, but it sure appears that the number of summer runs could pass the forecast by a good margin. I have been saying that we should see the same type of season this year that we did last year, meaning limited days and only bubble fisheries in certain areas of the upper Columbia. Maybe I am wrong about this. This week's photo is of the graph of summer run return.

I recently posted a success story about the sockeye returns to the Skagit River and the Baker River. It is really great to hear about the rebound of this run. With the closure of the Columbia River to sockeye fishing this year, you can bet that anglers will be flocking to Baker Lake. I have considered going over there as it is a very scenic place to fish, and the sockeye are reported to be even larger than the ones that we catch at Lake Wenatchee. However, the prospect of trying to even get out on the water and then the crowd on the lake isn't something I would want to experience. While some fisheries are on the rebound the Columbia River sockeye run is tanking. To date only a little over 46,000 sockeye have passed over Bonneville Dam. I think there is very little hope that this run will approach the forecast of 274,000. Even the hope of a season on Lake Wenatchee is getting doubtful, although it is a separate run.

We spent a morning on Banks Lake fishing for walleye recently and on my way home we took the route through Ephrata so I could check out Sun Lakes Park. The park had been closed due to the fire that burned over 3,000 acres in the area. I am happy to report that the park is open, and everything is operating normally. I saw lots of families enjoying the day. I loved seeing the youngsters zooming around on their bikes to get an ice cream cone or other treat, and there were people out on the docks fishing for rainbow. I told my fishing partner that I would like to go to Park Lake and fish for perch. They are plentiful in this lake and are of a very good size. Fishing should also be good at Deep Lake, which is nearby. It is loaded with rainbow and also has an excellent population of small kokanee. When we were heading to the launch on Banks a boat motioned us over. A woman on board had a hook stuck in her hand and they wanted to cut it out. I told them to use the monofilament trick to remove the hook. Google "remove a hook". This is a much better solution. If you cut the hooks off, like these anglers were going to do, you still have the barbed end in your hand. My fishing partner has seen me do the monofilament trick and it works!



The Bass Angler Magazine's Vexus Pro-Am Bass Tournament at the Potholes Reservoir was held recently, bringing top anglers from across the west to local waters. The anglers began their competition at 5 a.m. Friday and competed through Sunday afternoon. "Everything went good," said Mark Lassagne, CEO and Tournament Director for BAM Tournament Trail. "The weather was nice, it was just altogether a smooth event without any issues." On the pro side of the tournament, Aaron Ecthernkamp from Moses Lake earned the title of Pro Champion for the weekend to earn the grand prize of the $40,000 Mercury-Powered Vexus 1880 fishing boat. Ecthernkamp caught a total weight of 55.86 lbs. The Co-Champion Amateur angler is Adrian Ghione from Oakdale, Calif., and won the top prize of $4,000. Ghione had a catch totaling 47.47 lbs. As most of you know, bass fishing on Potholes is outstanding. It's great to see a local angler do so well against some pretty stiff competition!

I like to fly fish and don't get enough time to do it as often as I would like. I make a trip or two to Rocky Ford in the winter, and I have a friend that treats me to a day at Isaac's lake for some quality trolling for big rainbow. He also would take me with him on the Methow where we would fly fish for steelhead back in the day. I have also made a few trips on the Yakima, to shoot videos with Johnny Boitano. Since it's close to home, I will grab my 3 weight and fish for little rainbow on the Icicle. It is fun and a great way to beat the heat in summer. A stream that I try to fish in the early summer is the Teanaway, outside of Cle Elum. I have caught rainbow and cutthroat to 14 or 15 inches, that have come up out of the Yakima in the past. There is a short window to fish this one. You have to wait until the runoff settles down and hit it before it gets too low and warm. I drove over there the other day, and I think I missed it by about a week. It looked good but fish were few and far between.

OPERATION DOG TAG

OperationDogTag.org

Joe, I want to say thank you for all Operation Dog Tag has done for me by providing me with a black Lab puppy to be trained as a service dog for me. "Gunny" is what I have named him in honor of my service in the Marine Corps. The training you have provided, and continue to provide for me, and for Gunny to be trained as a service dog, is invaluable to me as my dog helps with my "PTSD" (Post Traumatic Stress Disorder). I am looking forward to our next training session.

WHAT IS AN ESCROW ACCOUNT?

If you purchased a home or property by getting a loan, you most likely have an escrow account. An escrow account is established by your lender to hold money to pay for your homeowners insurance, mortgage insurance, and property taxes. Each month, when you make your mortgage payment, you are paying an additional amount to be held in your escrow account. When your insurance premium is due, your lender makes that yearly payment out of this account. When your property taxes are due every April and October, your lender makes those payments. Enough needs to be collected every month in order to maintain a sufficient balance to cover these expenses.

There is a "cushion" built in to make sure there is a required amount remaining in your escrow account after all of the payments are made. This cushion cannot exceed one-sixth of the amount needed to pay for those items. This is to offset any increases in insurance premiums or property taxes.

With changes in insurance premiums and property taxes, there can be shortages or overages in your escrow account. A shortage occurs when there is not enough being collected each month to cover the charges due to increased costs for these items. When there is a shortage, your mortgage payment will most likely go up to cover it, or in some cases, you can pay an additional lump sum to make up the difference.

An overage occurs when your insurance premiums or property taxes have gone down and your escrow account has more money in it than is needed to cover these items. Depending on how much the overage is, your monthly mortgage payment may be adjusted, or if it is over $50, you will receive a refund by mail.

Each year, you receive an Annual Escrow Account Disclosure Statement from your lender. This statement shows a breakdown of your escrow account, including what is being paid out of the account, estimated amounts for the next year, shortages or overages, new payment amounts, and account history.

Next time you get one of these statements in the mail, take a few minutes to look it over so you can better understand where that portion of your monthly mortgage payment is going.

H1 UNLIMITEDS KICK OFF 2026 SEASON AT MADISON *From H1 Unlimiteds media*

TRI-CITIES, Wash. — The fastest racing boats on the planet are back on the water. Powered by helicopter-derived turbine engines, H1 Unlimited hydroplanes are capable of exceeding 200 mph — and the 2026 season kicks off with the APBA Gold Cup run on the Ohio River at Madison, Indiana, July 3-5.

With nine boats confirmed for flagship stops at TriCity WaterFollies and Seattle SeaFair, a bold new race format debuting at Madison this July, and ongoing talks that promise to expand the 2027 schedule significantly.

Nine unlimited hydroplanes are expected to take to the water at both the Tri-Cities (Columbia Cup) and Seattle (Seafair) events — one of the strongest fields the circuit has fielded in years. The depth of competition across the roster means that every heat, every qualification run, and every final will carry genuine weight. Fans can expect door-to-door racing at speeds that simply have to be seen in person to be believed.

The 2026 H1 Unlimited season calendar brings the circuit back to its most storied venues. Here is the full summer schedule:

APBA Gold Cup: Madison, Indiana, July 3–5

Columbia Cup: Tri-Cities, WA, July 24–26

Apollo Mechanical Cup: Seattle, WA, July 31 – August 2

Bill Muncey Cup: San Diego, California, September 18-20
